## CONTINUED

### Tony's Garage

Tony's new project is well underway, as you can see by the photos. While not working on Hot Rods, Tony has been known to hang out with the undead. What a nice guy!

Welcome to the first issue of Rat Bastards Magazine. This "magazine" is pays homage to the little hot rod magazines of the late 50's and early 60's that were printed with green ink.

It must have been cheaper, or maybe they had a bunch of military surplus green ink or something.

I hope you enjoy this as much as I do putting this together. This is my first attempt at a "magazine" of sorts. I would like your feedback on this "magazine"
